## Winter 2026

It's been a busy time at CIAD and in our Residents' homes these past four months. We held the Food Summit with Department of Health and Residents and Allies, and we are beginning preparations for the 2026 Speak Out! EQUAL Funds were awarded and released. New EQUAL requests were submitted. We have had staffing changes too. Read on for the details!

### September Food Summit

On September 30<sup>th</sup>, CIAD convened the Food Summit with representatives of the Department of Health, the NYS Ombudsman Office; The NY State Justice Center; Mobilization for Justice; representatives from the offices of various elected officials; CIAD Staff and Board members. Representatives from 14 Adult Care Facilities across all five boroughs of New York City, with Residents from seven different Adult Care Facilities participating remotely through Zoom links set up for use in their homes.

Gabriel Toussaint Mermaid Manor, Donna Chatman, from Brooklyn Boulevard ALP, (previously from Queens Adult Care Center), and Charles Lewis, from Bronxwood Adult Care Facility shared their experiences and concerns about food and nutrition at their homes highlighting the importance of food health, culture and tradition. An open comment segment allowed both those present and those remote to share their experiences with the Department of Health representatives and other participants.

Executive Director Theresa Young presented the findings of the CIAD Food Survey conducted from January to June 2025. 19 homes participated from across all five boroughs with 407 participants. The report results and the feedback from participants will shape our next steps in fighting for better food and nutrition in adult care facilities.

***Keep working with your Resident Council and Food Committee as we move forward in 2026. Together we can make a difference when we invest the time.***
