

Lifeline Phone Program

What is the Lifeline Program? Lifeline helps you save money on your monthly telephone bill, offering a monthly discount of up to \$9.25.

Who qualifies? If you receive Supplemental Security Income (SSI) or Medicaid, you are eligible.

How do I sign up? Call one of the mobile phone companies on the back page.

Tip: Share Bed Number

When applying, provide your **room number** and **bed number** when sharing your address so that you and your roommate will not be considered part of the same household. Decide on bed numbers with your roommate: for example, Room 201, Bed A.

Tip: Use It or Lose It!

Use your phone at least once a month, or you will receive a 15-day notice that it will be shut off.
